

DHI-NVR5016-EI

16 Channels 3U 16HDD WizSense Network Video Recorder

Launched by Dahua Technology, WizSense is a series of AI products and solutions that adopt independent AI chip and deep learning algorithm. It focuses on human and vehicle with high accuracy, enabling users to fast act on defined targets. Based on Dahua's advanced technologies, WizSense provides intelligent, simple and inclusive products and solutions.

Series Overview

The NVR5000-EI series offers outstanding performance and high-grade recording technology that make it ideal for IP video surveillance applications. It has a powerful processor, that offers high access and forwarding bandwidth and strong decoding capabilities that together produce unimpeded streams. Thanks to its built-in AI chip and Dahua's advanced deep learning algorithms, the NVR supports a variety of AI functions, such as high-precision face recognition and perimeter protection. They shorten the response time to events and make videos more interactive. This NVR is compatible with numerous third-party devices, making it a great solution for surveillance systems that work with Video Management Software (VMS).

Functions

Perimeter Protection

Automatically filtering out false alarms caused by animals, rustling leaves, bright lights, etc. Enables system to perform secondary recognition for the targets. Improving alarm accuracy.

Face Detection

Face detection is to detect if there is any human face appearing in the video. This technology adopts a deep learning algorithm to support face detection, tracking, optimization and capturing, and then output the best face snapshot.

Face Recognition

Dahua Face Recognition technology extracts the features of captured faces and compares them with those in face database to recognize the person identity.

- \cdot Smart H.265+/H.265/Smart H.264+/H.264/MJPEG decoding format.
- \cdot 32-channel 1080p self-adaptive decoding capability.
- \cdot Max. 384 Mbps incoming/recording/outgoing bandwidth.
- · Support Raid0/1/5/6/10.
- Al by recorder: 2-channel face detection and recognition, 4-channel perimeter protection, and 8-channel SMD Plus.
- Al by camera: Face detection and recognition, perimeter protection, SMD Plus, metadata, ANPR, stereo analysis, heat map, and people counting.

· Security baseline 2.3.

Heat Map by Camera

Dahua heat map technology is used to display the crowd density and people appearance probability. Export and display the crowd status by different colors. Generally, the crowd status is the statistics of people quantity in space and time dimensions.

ANPR by Camera

With deep learning algorithm, Dahua ANPR technology can recognize the number plate information of vehicles in the image with ANPR cameras. Support blocklist/allowlist mode, searching target vehicles from recorded video.

SMD Plus

With intelligent algorithm, Dahua Smart Motion Detection technology can categorize the targets that trigger motion detection and filter the motion detection alarm triggered by non-concerned targets to realize effective and accurate alarm.

Hot Swapping	YES	
Alarm		
General Alarm	Motion detection; privacy masking; local alarm	
Anomaly Alarm	Camera offline; storage error; disk full; IP conflict; MAC conflict; login lock; abnormal behavior of fan; cybersecurity exception	
Intelligent Alarm	Face detection; perimeter protection; face recognition; video metadata (human, motor vehicles, and non-motor vehicles); SMD Plus; stereo analysis; crowd distribution; people counting; ANPR; vehicle density; heat map	
Alarm Linkage	Record; snapshot (panoramic); local alarm output; IPC external alarm output; access controller; audio; buzzer; log, preset; email	
Port		
Audio Input	1-channel RCA	
Audio Output	2-channel RCA	
Alarm Input	16 channels	
Alarm Output	8 channels (1-channel 12 V 1 A output)	
HDD Interface	16 SATA ports, up to 16 TB.The maximum HDD capacity varies with environment temperature.	
eSATA	1	
RS-232	1	
RS-485	2 (1 port for half-duplex serial communication, 1 port for full-duplex serial communication)	
USB	4 (2 front USB 2.0 ports, 2 rear USB 3.0 ports)	
HDMI	2	
VGA	2	
Network Port	2(10/100/1000 Mbps Ethernet port, RJ-45)	
General		
Power Supply	100–240 VAC, 50-60 Hz	
Power Consumption	Total output of NVR is \leq 15 W (without HDD)	
Net Weight	11.5 kg (25.35 lb)	
Gross Weight	16.4 kg (36.16 lb)	
Product Dimensions	485.0 mm × 502.2 mm x 133.2mm (19.09" × 19.77" × 5.24") (W × D × H)	
Packaging Dimensions	619.0 mm × 589.0 mm × 290.0 mm (24.37" × 23.19" × 11.42")(W × D × H)	
Operating Temperature	–10 °C to +55 °C (14 °F to +131 °F)	
Storage Temperature	–20 °C to +60 °C (–4 °F to +140 °F)	
Operating Humidity	10%-93% (RH)	
Installation	Rack or desktop	
Certifications	FCC: 47 CFR FCC Part15, SubpartB, Class A CE-EMC: EN 55032:2015+A1:2020; EN IEC 61000-3- 2:2019+A1:2021; EN 61000-3-3:2013+A1:2019+A2:2021; EN 55035:2017+A11:2020; EN 50130-4:2011+A1:2014 CE-LVD: EN 62368-1:2014
