

DH-SD6CE245XA-HNR

2MP 45x Starlight IR WizSense Network PTZ Camera

Launched by Dahua Technology, WizSense is a series of Al products and solutions that adopt independent Al chip and deep learning algorithm. It focuses on human and vehicle with high accuracy, enabling users to fast act on defined targets. Based on Dahua's advanced technologies, WizSense provides intelligent, simple and inclusive products and solutions.

System Overview

Dahua WizSense is a series of AI products and complete end-to-end solution based on deep-learning. The product focuses on human and vehicle, benefiting everyone with intelligent functions, simple configuration and inclusive products.

Functions

Perimeter Protection

Automatically filters out false alarms caused by animals, rustling leaves, bright lights, etc. Enables system to act secondary recognition for the targets. Improves alarm accuracy.

Starlight Technology

For challenging low-light applications, Dahua's Starlight Ultra-low Light Technology offers best-in-class light sensitivity, capturing color details in low light down to 0.005 Lux. The camera uses a set of optical features to balance light throughout the scene, resulting in clear images in dark environments.

PFA Technology

PFA technology has innovatively introduced new methods of judgment to ensure the accuracy and predictability of the direction of subject distance adjustment. The result is a set of advanced focusing algorithms. PFA ensures clarity of the image throughout the process of zooming and shortens focus time. The realization of PFA technology substantially improves user experience and increases product value.

- 1/2.8" 2Megapixel STARVIS™ CMOS
- 45x optical zoom
- · Starlight technology
- Max. 50/60 fps@1080P
- IR distance up to 250 m
- Auto-tracking
- Perimeter protection
- · Face detection
- · SMD Plus

Environmental

Dahua cameras operate in extreme temperature environments, rated for use in temperatures from-40 °C to +70 °C (-40 °F to +158 °F) with 95% humidity. Subjected to rigorous dust and water immersion tests and certified to the IP67 Ingress Protection rating makes it suitable for demanding outdoor applications.

Wide Dynamic Range

The camera achieves vivid images, even in the most intense contrast lighting conditions, using industry-leading wide dynamic range (WDR) technology. For applications with both bright and low lighting conditions that change quickly, True WDR (120 dB) optimizes both the bright and dark areas of a scene at the same time to provide usable video.

Auto-tracking

This feature controls the pan/tilt/zoom actions of the camera to automatically track an object in motion and to keep it in the scene. The tracking action can be triggered manually or automatically by defined rules. Once a rule is triggered, the camera can zoom in and track the defined target automatically.

Smart H.265+

Smart H.265+ is the optimized implementation of the H.265 codec that uses a scene-adaptive encoding strategy, dynamic GOP, dynamic ROI, flexible multi-frame reference structure and intelligent noise reduction to deliver high-quality video without straining the network. Smart H.265+ technology reduces bit rate and storage requirements by up to 70% when compared to standard H.265 video compression.

| Technical Specification | | | | General Intelligence | | |
|--|---|--------------|-------------|----------------------|--------------------------|--|
| Camera | | | | | Event Trigger | Motion detection, video tampering, scene changing, network disconnection, IP address conflict, illegal |
| Image Sensor | 1/2.8" CMOS | | | | IV.C | access, and storage anomaly. |
| Pixel | 2MP | | | | IVS | Object Abandoned/Missing |
| Max. Resolution | 1920 (H) x 1080 (V) | | | | Artificial Intelligence | |
| ROM | 4 GB | | | | Smart Capture | Support human, motor vehicle and non-motor vehicle image capture. |
| RAM | 1 GB | | | | Perimeter Protection | Tripwire and intrusion. Support alarm triggering by target types (human and vehicle). Support filtering false alarms caused by animals, rustling leaves, bright lights, etc. |
| Electronic Shutter Speed Scanning System | 1/1 s=1/30000 s | | | | | |
| Scanning System | Progressive Color: 0.005 Lux@F1.6 | | | | SMD Plus | Support |
| Min. Illumination | B/W: 0.0005 Lux@F1.6 0 Lux (IR on) | | | | Auto Tracking | Support |
| Illumination Distance | 250 m (820 ft) | | | | Video | |
