

Dahua Thermal Body Temperature Measurement

Efficient, Visible & Non-contact

Dahua launches the latest thermal camera, which is capable of highly accurate body temperature measurement $\pm 0.3^{\circ}\text{C}$ (with blackbody). Built-in AI algorithm for multi-person measuring up to 3m distance which enables fast and non-contact access.

Solution

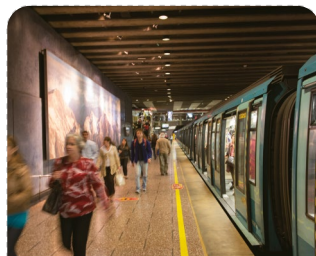

- Accurate temperature measurement, safe and effective
- Non-contact screening, fast pass
- Multi-person measurement, efficient access
- Visual abnormal alert to facilitate back-tracking
- Non-mask detection for the intelligent control

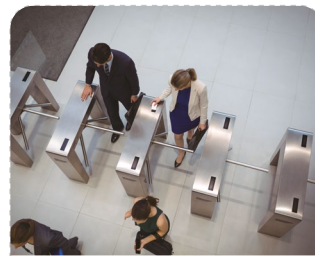

Application Scenario

Airport

Metro

Commercial Building

Campus

Product Recommendation

TPC-BF3221-T + JQ-D70Z

Thermal: 256x192,7 mm
 Visible: 2 MP, 8 mm
 White light and loudspeaker alarm
 Temperature accuracy $\pm 0.3^{\circ}\text{C}$
 (with blackbody)

IVSS7008-11

TPC alarm event linkage
 Statistical report and export
 8 channels mask detection
 8 channels face recognition

DSS Pro

Unified TPC device management
 Real-time temperature display
 Rich alarm linkage for TPC events
 Multiple clients login
